

## Items planned for version 1.1d

id	type	component	name	description and discussion	cost	benefit	priority	status
446	bug	add object	assertion failed on adding object	I clicked on "new"			5	
150	bug	class properties	crashing while editing class properties in win2k		5		4	sporadic
703	bug	contents view	clear sort not working sometimes	1. Open the Example database.	2	3	4	
148	bug	contents view	rclick insert column not putting it in right place	need to reference the rearranged list? try with full stuff.neo?	4	4	5	sporadic
101	bug	dialogs	can close error dialog with x!		1	3	5	
437	bug	documentation	"edit menu" -> "object menu"	"Creating a New Class			5	
710	bug	import	assertion failed on import, Message 111 8088	I created a new Paper class, and click "File->Import" and sele			5	
701	bug	insert column dialog	assertion fails on clicking OK with nothing selected	Please describe briefly what you were doing when the error oc	1	5	5	
160	bug	print	margins set to 0.5" - should be larger!	thing printed out had .5" margins all around - yuck...	1	5	5	
416	bug	printing	prints infinite pages	"Also when printing the text view only it wants to print 1000's o	3	4	5	
151	bug	search	search stuff for "pru" - bombs on 2nd or 3rd F3 item!!	only in admin mode? searching through Text prop in Propertie	3	5	5	sporadic
704	bug	search view	assertion fails on search	Whenever I use the search function, I get the following error a			5	
242	bug	tree view	moved item, hit F2 to rename it, and bomb	Error Information:			5	
149	bug	tree view	on todo, rclick on STL, move to !work, says can't move onto itself		3	4	5	sporadic
280	bug	unknown	assertion failed clicking on ashley smith in sample file	"I was clicking on the Ashley Smith entry in the sample file. I a			5	

## Items planned for version 1.2

id	type	component	name	description and discussion	cost	benefit	priority	status
194	feature	about	add copy info... button to about dialog		1	4	5	
127	feature	contents view	F5 to resort	in contents view etc	2	5	5	
183	feature	contents view	simplify insert column dialog				5	
216	feature	dialogs	add new object dialog should start with class, since that's what i usually wind up picking first		1	4	5	
182	feature	dialogs	simplify add object dialog				5	
191	feature	dialogs	simplify specifying folder contents	ieg instead of specifying default class when creating a new fol	3	5	5	
756	feature	documentation	draw a diagram of the current neomem data structures, post on website... (and in help)		2	5	5	
715	feature	documentation	make some illustrations of what's going on with the data!	it would probably help to have some diagrams illustrating what	3	5	4	
134	feature	export	checkbox to export children recursively		3	5	5	
790	feature	export	export to tab-delimited text file	easily imported into spreadsheets etc			5	
279	feature	export	option to export entire file, not just single item	eg for rtf, could do entire file as an outline			5	
140	feature	find	allow F3 in find dialog		2	3	4	
46	feature	general	add help / bug report menu item	direct to forum?	1	5	5	
47	feature	general	add help / feature request menu item	direct to forum?	1	5	5	

## Items planned for version 1.2

id	type	component	name	description and discussion	cost	benefit	priority	status
401	feature	general	alt-backspace for undo, in addition to ctrl-z	common in europe	1	4	5	
441	feature	general	ctrl+n etc	use ctrl+n for new object. Remove the new file button from too	2	5	5	
142	feature	general	use F6 to go between tabs, and shift+f6	standard key for this	1	4	5	
79	feature	import	import from csv/tab delim	"I would like to see an import option, where I can import struct	4	5	5	
696	feature	import	import from KeyNote files	Go to <a href="http://www.tranglos.com/free/keynote.html">http://www.tranglos.com/free/keynote.html</a> and click on "	3	5	5	
697	feature	import	import from TreePad files	Treepad files are plain text files with simple codes inserted like	3	5	5	
78	feature	print	printing contents - carry text over to next line!	use gettexttext to determine how many lines it should take u	4	5	5	
60	feature	properties	add website, email, file and folder property types and file upgrade code	"A property type for linking to an external file. When clicking o	3	5	5	
408	feature	properties	default for date/time to be current date		3	4	5	
393	feature	registry	change company name to neomem.org from intaglio software	ie need to move existing registry key			5	
219	feature	status bar	could put Fx key help in status bar (eg F1 help, F2 edit in place, F4 edit in dialog, F6 switch panes)		1	5	5	
400	feature	text view	ability to link to other objects, like a wiki		3	5	5	
211	feature	text view	clipboard spike!	ctrl+alt+x, ctrl+alt+c cut copy to spike? (ie append to text alrea	4	5	5	
407	feature	text view	insert date/time via menu or keyboard shortcut (F5?)		1	4	5	
175	feature	text view	insert line (ctrl+L)	get insert line (ctrl+L) working!!!should get current font befor	1	5	5	
200	feature	ui	alt <, alt > = back/forward		2	3	4	
54	feature	website	move source code from cvs to subversion and host online		2	5	5	

## Items planned for version 1.99

id	type	component	name	description and discussion	cost	benefit	priority	status
395	annoyance	general	confusion over class/property terminology - more familiar to programmers	call them type and attributes or fields? Or at least explain in th				
397	annoyance	general	too hard to set up classes and enter data					
399	annoyance	icons	box icon has white instead of transparent border					
403	annoyance	text view	rtf pasting buggy	"If text is copied from other (RTF-) resources (Word, Internet				
396	annoyance	ui	relationship between views and tabs on right is confusing					
212	bug	about	about dialog beeps after close	search destroywindow	4	2	2	
206	bug	clock	clock not positioned right sometimes					sporadic
218	bug	contents view	contents listview flickers if scrollbar is not there, but if there are enough items, it doesn't flicker!?		4	2		
33	bug	contents view	contents view color/highlight	if you move col 0 (name) to the end of the contents view, it do	4	2		
152	bug	general	bomb on startup - probably bcmenu?	fixed?			3	sporadic
161	bug	general	ctrl+c doesn't work sometimes	visual/audio feedback for ctrl+c - sometimes it doesn't work!	5	3		sporadic

## Items planned for version 1.99

id	type	component	name	description and discussion	cost	benefit	priority	status
119	bug	general	fix wheel handling problems!?	ie TreeView doesn't always pick up on it!	4	4		
153	bug	general	toolbar bomb?	ctoolbarctrlexmessage 512 = #define WM_MOUSEMOVE 0x			3	sporadic
288	bug	general	won't work on old 486 with win95	"I have a very old 486 at 100MHz 16 RAM and windows 95, v	4	2		
205	bug	gui	size window width less than data view, then make it bigger, and border of right side is transparent!					
702	bug	home view	can change class of home object (should be locked)	I have found through experimentation that the class of the ho	3	3		
96	bug	print	top of footer being cut off sometimes	sporadic, seems to be if rtf or contents grid goes to bottom of	4	3	4	
417	bug	printing	different printers can produce drastically different results	what's up with all the weird printing problems??	4	4		
102	bug	property view	property view hyperlinks not blue first time shown!	somehow the listctrl isn't getting oncustom draw messages for	4	1		
204	bug	text view	bullet indent width differs from default, leads to strange behavior					
193	bug	text view	color dialog selecting color under mouse	need to select current color!	4	1	2	
199	bug	text view	flickering in rtf setcurpos					
192	bug	text view	get accelerators working with new color buttons	doesn't work first time?	4	1		
203	bug	text view	if you paste text, then undo, the font and size stay the same	need to reset those also!				
210	bug	text view	mystery character on paste/move text - the target first char gets screwy	what is this character!???cardunicode character: \u6692? (t	5	3	4	sporadic
32	bug	text view	not saving position in text screen correctly sometimes	when you go to a previously unvisited text thing, go to the end,	4	2	4	
406	bug	text view	problems with hyperlinks in text view	"I've tried many combinations of hyperlinks file://drive:\folder\fil				sporadic?
221	bug	text view	remove line spacing formatting on paste plain!		3	3	4	
207	bug	text view	rtf inserts blank lines randomly every now and then!!	trap with a text view full of text, search for blank lines	5	3	4	sporadic
220	bug	tree view	in data view, alt+c doesn't work right sometimes		4	2		
208	bug	tree view	sometimes get stuck in data view and Alt+T doesn't take you to text view					sporadic
785	feature		plugin for Firefox to store bookmarks in neomem	would allow using metadata to organize bookmarks, integrate		5	5	
775	feature		provide search results via OpenSearch [774]					
133	feature	autosave	autosave should say "Autosaving file..." in status bar		1	3	4	
106	feature	autosave	nicer autosave	could wait until user has stopped typing etc for a few seconds	4	3	3	
172	feature	backend	store objects in files and folders (ie like abby)	folders have a .default object file which stores its properties. th				
248	feature	backup	add a file/backup menu item	would let you specify a location. Just a convenience function.	2	4		
132	feature	backup	autobackup - specify a different folder	eg for people on a network, etc				
197	feature	backup	keep more copies during autobackup	keeps last copy of file saved (for now - may expand in future)			3	
165	feature	clistctrllex	handle right click and context menu key positioning correctly					
168	feature	clistctrllex	handle select all in listview	how? i guess select first column cellshow to handle multisele				
169	feature	clistctrllex	mimic listview selection behavior	to mimic how listview handles selection, if you click outside of				
166	feature	clistctrllex	need to handle ctrl and shift during click in clistex!!					
167	feature	clistctrllex	turn off highlight in contents view when dragging over it	don't want to set to -1 -1 on kill focus because think about alt-t				

## Items planned for version 1.99

id	type	component	name	description and discussion	cost	benefit	priority	status
86	feature	clock	add reminders	for appointments, birthdays, anniversaries, etc.				
85	feature	clock	alarms and reminders in clock	bring up reminder dialog only if no activity is taking place (othe	4	4		
83	feature	clock	countdown timer in clock	icon for countdown timer (kitchen timer)fix countdown alert -				
87	feature	clock	rclick on clock, 'insert date/time', also add menu item.		2	4		
84	feature	clock	stopwatch timer in clock	icon for stopwatch (little stopwatch)display h:m:scould click	4	2		
130	feature	contents view	add a find button to contents view toolbar	find within the contents! (eg looking for a business in taos!!)	4	4	4	
110	feature	contents view	add simple spreadsheet functions (total row etc)		4	3		
63	feature	contents view	color items by priority, rating, etc	color background of text in gradations of color based on time p	4	4	4	
108	feature	contents view	copy and paste from spreadsheet into contents view	would be nice...	4	4	4	
120	feature	contents view	import/export contents view to/from tab delimited/excel file					
135	feature	contents view	rclick on hyperlink and copy					
171	feature	dates	date dialog could have listbox with "early, mid, late, winter, spring, summer, fall, christmas, thanksgiving..." etc?					
170	feature	dates	handle "Late, Early, Mid" etc. like seasons?					
43	feature	dialogs	add help at bottom of all dialogs	ie in light yellow text box always visible - very cool idea	4	3	4	
42	feature	dialogs	add tooltip help for all dialog controls	i think all controls will need unique id's for context-sensitive hel	4	3	4	
136	feature	dialogs	all dialog labels should be followed by a colon, for accessibility software		2	3	4	
228	feature	dialogs	improved dialogs for faster data entry, etc		4	5		
157	feature	dialogs	turn dialog hints on/off	make a dialog for hints that you can turn off (ie checkbox on hi				
126	feature	documentation	email the help keywords people search on	ie keep track of help searches, email to neomem.org occasion				
225	feature	documentation	move to better help system! (eg mozilla, see [420])	using word to write the help file is overly painful. Especially usi	3	4	4	
48	feature	error handling	improve autorecover	autorecover uses autobackup file? not good. need a file saved			3	
184	feature	error handling	improve error handling	dialog to get "what were you doing" on error! or better, use t				
35	feature	example file	explain view/contents on/off		2	4	4	
791	feature	export	export to code format	ie some wiki/email props type format, like [YAML]				
37	feature	export	export to csv (comma separated values)				5	
178	feature	export	export to gedcom	genealogy format	4	1		
36	feature	export	export to xml				5	
125	feature	export	more export options/synchronize					
188	feature	favorites	ctrl+g goto favorites	bring up list of favorites (also used in move text to... dialog)w	4	5	4	
201	feature	favorites	define favorites with alt+1, alt+2, etc	eg @todo would be Alt+1rclick, assign keyboard shortcut - A				
64	feature	favorites	show favorites on goto and move to dialogs	keep statistics?				
185	feature	file	add document author info	store in standard word structure? other standard for metadata				
173	feature	file	add empty template file	ie have like example file but empty. say this file comes with se				
131	feature	file	disable save if file has not been modified!		2	2	2	
91	feature	file	do save in separate thread	set flag preventing changes to file during save?	5	1		

## Items planned for version 1.99

id	type	component	name	description and discussion	cost	benefit	priority	status
181	feature	file	file compression	ie compress file before saving. Helpful for transporting on usb	5	2	3	
104	feature	file	show dirty file marker in title bar	icon in title bar after file name, or icon in status bar	2	2	2	
706	feature	general	add a flag to allow other properties to be displayed as Text Views	add a flag to allow any field to be displayed in the "big view po	4	4		
156	feature	general	add introductory wizard	zone alarm - on first run has wizard that explains program - co				
198	feature	general	add survey form	ie after 60 days of usage bring up survey form!?				
154	feature	general	check for duplicate names	double check with user if adding an object whose name already				
118	feature	general	class inheritance	enable as an advanced feature?	4	2		
708	feature	general	custom forms in tabs?	How about a field that contains a form. If this field is flagged to				
707	feature	general	display file contents in a tab	when a field containing a file link is flagged for display in the "b				
394	feature	general	have option to persist to ini file instead of registry	What might be the chances of having this registry activity tran	3	3		
109	feature	general	make palm pilot version					
213	feature	general	send item via email	as attachment or rtf text?	2	5	4	
391	feature	general	template objects / default field values	"i have same data for many objects, so i want to copy from on	4	3		
162	feature	general	toggle admin mode	have easter egg to switch to admin mode!!?				
455	feature	general	use UPX to compress .exe?	see [454] i guess this is for making smaller file for carrying ar	2	3		
95	feature	grid view	add Grid View, for simple spreadsheet action	ie more freeform than contents view.	4	1		
66	feature	hide flag	click hide/unhide object	make a simple flag to hide objects? or make it more complex?	2	5	4	
67	feature	hide flag	show hidden objects toggle button on toolbar		2	5	4	
107	feature	home view	add calendar to home view					
196	feature	home view	display File Properties on Home page					
128	feature	home view	display file size, n objects in home page		2	4	4	
217	feature	home view	home page could have a hyperlink to where you left off	eg "Where you last left off..." and the name of the object unde				
155	feature	home view	show thing of the day (eg tip, quote, recipe, etc)	could have picture of the day, person of the daythis info is st				
62	feature	home view	show things to do on home page	with little checkboxes beside them				
163	feature	icons	add envelope icon	=905				
244	feature	images	add image support	one of the most requested features.	4	5		
122	feature	images	object thumbnails	each object should have a thumbnail property that would store				
241	feature	images	resizing image should maintain aspect ratio	when this feature is implemented				
124	feature	import	import from access or xbase (cdatabase)	"It would be wonderful, because I can't copy hundreds or thou	4	5		
709	feature	import	import from Maple from Crystaloffice					4
177	feature	import	import gedcom	genealogy data format	5	1		
699	feature	import/export	import/export rtf outline					4
698	feature	import/export	import/export standard outliner format					4
247	feature	import/export	import/export to/from popular address book formats		4	3	3	
143	feature	index view	add toolbar to index view		3	3	3	
5	feature	internal	make code more modular	especially enforce barrier between backend and ui, since may	5	5		
44	feature	left view	add ability to change font size of treeview (and index and search views)	user request?	2	3	3	

## Items planned for version 1.99

id	type	component	name	description and discussion	cost	benefit	priority	status
139	feature	left view	add copy to clipboard button to index/search views		2	4	4	
138	feature	left view	add insert column button to index/search views (need toolbar also)	otherwise it's kind of hidden	4	3	3	
137	feature	left view	button to toggle resize of left/right views	good for new index/search view columns	2	5	4	
186	feature	left view	limit search/index to text items	ie index/search view could have checkbox to show only items				
144	feature	moveto	add list of recent or favorites to move to dialog		4	5	4	
187	feature	moveto	limit move object to... to folders by default	ie checkbox to limit to folders (on by default)!!!				
97	feature	print	add help button to print preview	explain margins etc	2	2	3	
89	feature	print	let user define headers and footers	page setup -	3	3		
113	feature	properties	add calculation property type	ie to calculate value based on other fields, etc.	4	4		
114	feature	properties	add LIST property type		3	2		
123	feature	properties	add picture property type	simplest would just store a filename, then display a thumbnail	5	4		
58	feature	properties	add rating property	ie 1-5 stars, display as gifs or just ****				
411	feature	properties	support html as property type?	eg for a text view, could have tabs for html and rendered view.				
112	feature	property view	change order of properties in properties view	"I noticed in the example file that some of the classes seem to				
2	feature	search	add virtual folders (aka search folders, or dynamic view)	virtual folders that include all objects that match some criteria.				
239	feature	search	boolean search operators	eg "find the	4	4	3	
141	feature	search	on search for text and none found, give msgbox					
250	feature	search	search operators, eg find where "deadline" is before some date	see also 239	4	4	3	
285	feature	security	add pgp encryption option?		4	1	1	
94	feature	sort	sort by type, then name	would group similar objects together in the treeview (eg folder	2	4	4	
215	feature	status bar	after file load or save, say "File Saved, 31238 bytes" or whatever in status bar					
129	feature	status bar	show object info in status bar	show number of child objects for current object, size of current	2	5	4	
176	feature	text view	bookmark lines in text view, then hit F2 to move between them	bookmark rows in text view, then f2 or whatever to move betw				
40	feature	text view	hanging indent text	ie select text and convert to hanging indent (do this all the tim	3	5	4	
117	feature	text view	import/paste pictures to text view		4	5		
111	feature	text view	keyboard shortcuts for color text and indent and bullet					
772	feature	text view	link directly to wikipedia articles, google searches, etc	eg [[Lotus Improv]] ?				
750	feature	text view	move selected text to property value	part of data refactoring tools	3	4	4	
76	feature	text view	move text - check box for move plain text					
77	feature	text view	move text - option to move to top or bottom					
50	feature	text view	move text to current object	ie move to top/bottom	3	4	4	
233	feature	text view	outline mode	switch to scintilla or TRichEdit? Probably better for such thing	3	3		
65	feature	text view	rclick change font to default font					
121	feature	text view	rclick convert to lower case, upper, proper case		3	3		

## Items planned for version 1.99

id	type	component	name	description and discussion	cost	benefit	priority	status
61	feature	text view	rclick sort selection alphabetically	add a..z button to rtf toolbar				
415	feature	text view	ruler	"How about using an Office-Style Ruler to define text position i	4	2	3	
116	feature	text view	spell check					
245	feature	text view	store OLE links	"I also need Object Linking and Embedding support so that I c	4	4	3	
286	feature	text view	strikeout format	to show item as completed, etc	1	4	4	
246	feature	text view	tables, as in word	switch to scintilla? Does it handle tables? wait for 2.0 wiki tabl	4	3	3	
214	feature	text view	toggle url detection on/off by AutoURL toggle button in rtf toolbar					
45	feature	tips	add some new tips	and put them at the top of the list	3	2	2	
234	feature	tree view	add buttons to promote/demote objects in hierarchy. Also rclick promote/demote.		4	2		
240	feature	tree view	an option to change the font and font attributes for an entry in the tree	This can be used for flagging an entry for different reasons.	4	3	3	
413	feature	tree view	choose background color		2	3	4	
700	feature	tree view	collapse all button	"It would be handy if there was a collapse button on the Home	2	3	4	
174	feature	tree view	indicate item status	change font in treeview, add overlay icon etc				
189	feature	ui	add promote and demote to rclick menus!(?)					
115	feature	ui	autocomplete in fields					
180	feature	views	view management	rclick tab, Views... - brings up dialog with all available views -				
757	feature	website	post page of screenshots with explanations	save till have project mgmt tools in place	3	5	4	
55	feature	wizards	fix cancel button in wizards	behavior not very consistent!	4	3		
70	test		stress test	ie run resource hog thing, see if induces bugs				
158	test		test an unhandled exception	e.g. p->x where p = 0. in debug mode, gives unhandled except				
99	test		test for memory leaks	Applications should be tested for leaks on Windows 95 and W				
80	test		test with 10k+ records	"do you know how NeoMem works with several thousands of r				
71	test		windows application verifier	or not...				
92	todo	code	clean up code	yuck, lots of c++ junk here. move to python!	3	2		
56	todo	code	replace all hard casts with dynamic casts	?				
381	view	frontend	3D View	eg translucent colored bubbles of different sizes, clustered tog				
387	view	frontend	Aerial View	an aerial-like view of the data, rendered like farms and cities s				
424	view	frontend	Code View	click on this view to see the entire object's underlying text repr		5		
385	view	frontend	Graph View (aka Objects View)	display objects as circles/ellipses/boxes with lines representin				
81	view	frontend	Map View	specify coordinates - get map from map module data file and	4	1		
380	view	frontend	Outline View	esp nice to have columns for this!				
90	view	frontend	Picture View	"put a new tab "Pictures" that i can make a links to photos. Ne	4	4	4	
386	view	frontend	Plot View (aka Chart, Graph)					
105	view	frontend	Recent Items View	add recent items view (could put at bottom of data view?)				
100	view	frontend	Schedule View	weekly schedule view - for students, teachers, jobs, tv schedul				
456	view	frontend	Spreadsheet View	ie use as scratch, then convert to objects?	4	3	4	

## Items planned for version 1.99

id	type	component	name	description and discussion	cost	benefit	priority	status
384	view	frontend	Table View (aka Spreadsheet, Details)	ideally, the code behind this would be adapted for printing rep				
82	view	frontend	Timeline View	eg for genealogy, project history, etc				
379	view	frontend	Tree Up View	eg for an interface on a wiki or email conversation.	3	2	3	

## Items planned for version 2.0

id	type	component	name	description and discussion	cost	benefit	priority	status
442	feature	backend	configure data sources dialog	remove new, open and save buttons. configure data sources i	4	4		
195	feature	encryption	add more encryption methods	need good streaming encryption routines				
1	feature	file	make plugins for desktop search programs	eg google desktop search, msn search, etc.				
410	feature	general	copy/paste objects		4	4		
164	feature	general	handle multiple selections	via good pattern!				
209	feature	home view	use rtf control for home view	would simplify code a lot. but save for 2.0, and goto wiki/html			3	
190	feature	import	import/export neomem files	ie whole tree of objects (good for exporting recipes.neo, for ex				
51	feature	internal	unit tests	ie start adding unit tests. Test everything that could possibly b	3	5	5	
202	feature	properties	allow storing string for link properties?	eg author - sometimes want link and sometimes don't! wait fo	4	2		
283	feature	reports	add reporting abilities	wait for new architecture, use ruport (ruby reports)?	5	5		
103	feature	security	password-protect and/or encrypt folders/objects	more involved than simple file-level protection.	5	3		
39	feature	text view	indent and dedent text	ie use tab and shift-tab on selected text	3	4	4	
49	feature	text view	move current line/paragraph	ctrl-m - if no text selected move the current line/paragraph!	3	5	4	
41	feature	text view	remove hanging indent	ie select text and convert it to nonstop text (reverse of hanging	4	4		
418	feature	versioning	store version history for objects	"Some kind of versioning system or integration to CVS could b	2	3	4
